At last I raised large quant es of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results. Your obedient servant,

A Question

FOR THE PUBLIC TO DECIDE MAN it be expected that Merchants and Druggists, who lend themselves to palm off upon the public their base imitations and counterfeit medicines, in preference to the genuine, merely because they can make more per cent on them, would deal honestly in selling other articles? We think not. Persons that deal out counterfeit medicines, and thus encourage counterfeiters, even at the expense of the health and life of their customers and neighbors, are they honest or honorable men? No. And they should be avoided.
